Kako provjeriti u kojem kvartilu je časopis?

Dodatna uputa za studente poslijediplomskog doktorskog studija

dr. sc. Ivana Pažur, knjižničarski savjetnik
biblio@sfzg.hr

Rangiranje časopisa unutar određenog predmetnog područja iskazuje se kvartilima (Q1, Q2, Q3, Q4)

Q1 znači da se časopis prema visini svojega faktora odjeka ubraja među 25% časopisa s najvišim faktorom odjeka u svojoj skupini u pojedinom predmetnom području.

U bibliometrijskoj analizi za znanstvena i znanstveno-nastavna napredovanja kao i za bodovanje na poslijediplomskom studiju obuhvaćaju se **samo radovi** objavljeni u rangiranim časopisima (posteri i sažeci se ne obuhvaćaju!).

Za rangiranje časopisa koriste se dvije baze:

JCR (Journal Citation Reports) – temelji se na podacima o citiranosti iz časopisa zastupljenih u bazi **Web of Science Core Collection (WoSCC)**
i

SJR (SCImago Journal & Country Rank) - temelji se na podacima o citiranosti iz časopisa zastupljenih u bazi **Scopus**

[Poveznica za pristup bazama](#)

Kako provjeriti kvartil časopisa u JCR bazi?

- Za rad koji je objavljen u časopisu indeksiranom u bazi Web of Science Core Collection
- U polje za pretraživanje upisati naslov časopisa ili ISSN broj

The screenshot shows the Journal Citation Reports (JCR) homepage with a search bar at the top. The search term 'caries research' has been entered into the search field. Below the search bar, the main title 'The world's leading journals and publisher-neutral data' is displayed. A search result card for 'CARIRES RESEARCH' is shown, with the ISSN listed as 0008-6568 / 1421-976X. A message below the result states 'There are no Categories that match your search.' A question mark icon in a purple circle is located in the bottom right corner.

Na stranici je dalje naveden posljednji dostupni faktor utjecaja (impact factor) i grafički prikaz za posljednjih 5 godina (ostale godine su vidljive klikom na link view all years)

Impact factor časopisa Caries Research je 3.918 za 2021. godinu

Rangiranje časopisa prema faktoru utjecaja

Časopis *Caries Research* je 2021. godine bio 21. od 92 časopisa u predmetnoj kategoriji *Dentistry, Oral Surgery & Medicine*
pa je rangiran u prvi kvartil - Q1

Rank by Journal Impact Factor

Journals within a category are sorted in descending order by Journal Impact Factor (JIF) resulting in the Category Ranking below. A separate rank is shown for each category in which the journal is listed in JCR. Data for the most recent year is presented at the top of the list, with other years shown in reverse chronological order. [Learn more](#)

Kod indeksiranosti časopisa u bazi **Web of Science Core Collection (WoSCC)** treba obratiti pažnju i u kojem je časopis citatnom indeksu

Faktori odjeka časopisa (JCR) **ne izračunavaju** se za časopise koji su indeksirani u citatnom indeksu **Emerging Sources Citation Index (ESCI)**

Napomena: počet će se izračunavati od 2023. godine

Četiri su glavna citatna indeksa:

- Arts & Humanities Citation Index (1975. – danas)
- Emerging Sources Citation Index (2005. – danas) - **JCR kvartil se ne izračunava, doktorski studij: rad se ubraja u druge međunarodne indekse**
- **Science Citation Index Expanded (1955. – danas) – doktorski studij: rad se boduje prema JCR kvartilu**
- Social Sciences Citation Index (1955. – danas)

Primjer: Acta Stomatologica Croatica

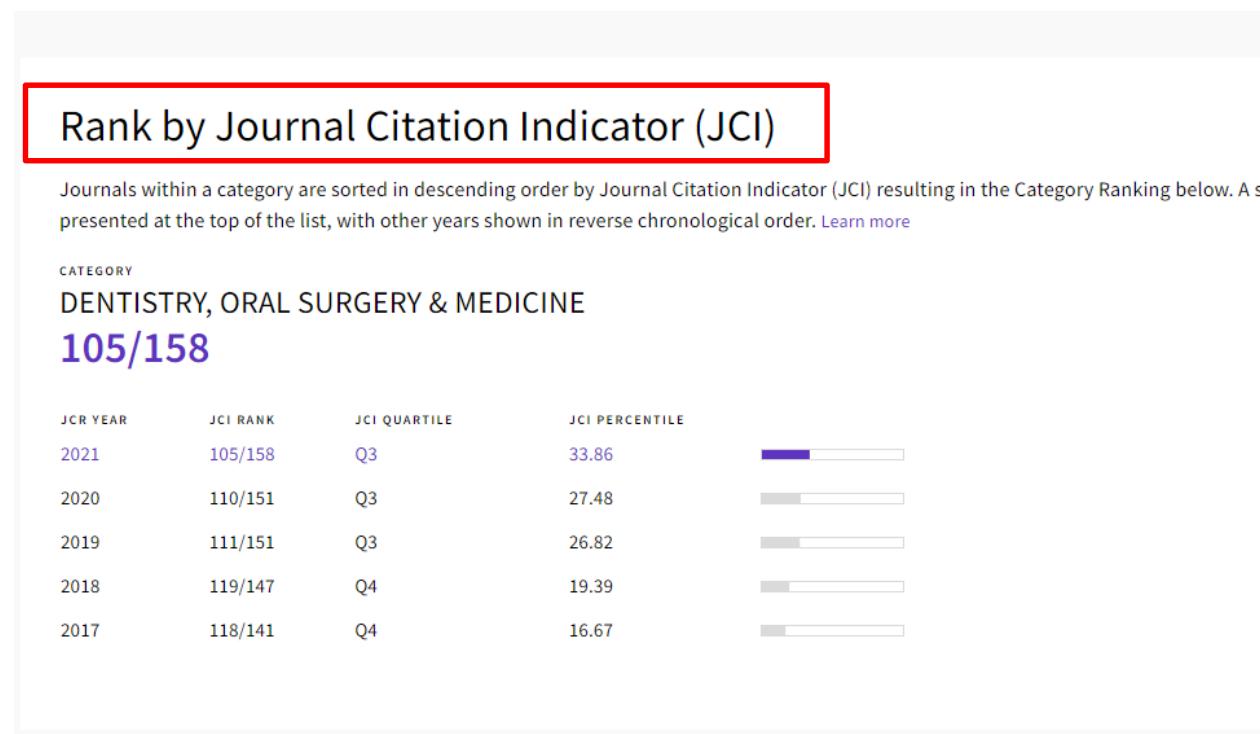

časopis je indeksiran u **WoSCC, Emerging Sources Citation Index (ESCI)** - faktor utjecaja ni kvartili nisu izračunati

The screenshot shows the Clarivate Journal Citation Reports homepage. At the top, there is a navigation bar with links for 'Clarivate', 'Products', 'Journal Citation Reports™', 'Journals', 'Categories', 'Publishers', 'Countries/Regions', 'My favorites', 'Sign In', and 'Register'. The main heading is 'The world's leading journals and publisher-neutral data'. A search bar contains the query 'Acta stomatologica Croatica', which is highlighted with a red rectangle. Below the search bar, the results are displayed under the heading 'JOURNAL NAME'. It shows one result: 'Acta Stomatologica Croatica'. There is a link 'See 1 result >'. To the right of this result, it says 'ISSN/eISSN' followed by '0001-7019 / 1846-0410'. Further down, under 'CATEGORY NAME', it says 'There are no Categories that match your search.' Under 'PUBLISHER NAME', it says 'There are no Publishers that match your search.' On the right side of the search bar, there is a magnifying glass icon inside a purple circle.

Za časopis u ESCI indeksu izračunava se **Rank by Journal Citation Indicator (JCI)** koji se razlikuje od **Rank by Journal impact factor**

Acta Stomatologica Croatica JCI Q3, ali JIF nema kvartila

Journal Citation Indicator (JCI) izračunava citiranost publikacija unutar posljednje 3 godine, za razliku od Journal Impact Factora (JIF) koji izračunava citiranost publikacija za posljednje 2 godine.

Primjer rada u časopisu indeksiranog u Emerging Sources Citation Indeksu (ESCI) – žuto označeni citatni indeks

The Effect of Transcutaneous Electric Nerve Stimulation (TENS) on Anxiety and Fear in Children Aged 9-14 Years

By: Cebalo, N (Cebalo, Nina) [1] ; Negovetic-Vranic, D (Negovetic-Vranic, Dubravka) [2] ; Kes, VB (Kes, Vanja Basic) [3]

Kako provjeriti kvartil časopisa u SJR bazi?

SJR baza je besplatno dostupna! Na stranici je puno reklama!

U polje za pretraživanje upisati naslov časopisa ili ISSN broj. U opisu časopisa je predmetna kategorija i h-indeks

The screenshot shows the SJR homepage with a search bar containing 'caries research'. Below the search bar, a list of results is displayed, with the first result, 'Caries Research', highlighted by a red box. The page also features navigation links like Home, Journal Rankings, Country Rankings, Viz Tools, Help, and About Us.

Caries Research

| COUNTRY | SUBJECT AREA AND CATEGORY | PUBLISHER | H-INDEX |
|-------------|--|--------------|---------|
| Switzerland | Dentistry └ Dentistry (miscellaneous) | S. Karger AG | 105 |

PUBLICATION TYPE Journals **ISSN** 00086568, 1421976X **COVERAGE** 1967-2021 **INFORMATION** [Homepage](#), [How to publish in this journal](#), cre@karger.com

Q1 - zeleno
 Q2 - žuto
 Q3 - narančasto
 Q4 - crveno

Klikom na "rešetku" desno (označena crvenom strelicom) otvara se tekstualni popis kvartila po godinama (sve godine ne moraju biti vidljive u grafikonu!)

Quartiles

The set of journals have been ranked according to their SJR and divided into four equal groups, four quartiles. Q1 (green) comprises the quarter of the journals with the highest values, Q2 (yellow) the second highest values, Q3 (orange) the third highest values and Q4 (red) the lowest values.

| Category | Year | Quartile |
|---------------------------|------|----------|
| Dentistry (miscellaneous) | 1999 | Q1 |
| Dentistry (miscellaneous) | 2000 | Q1 |
| Dentistry (miscellaneous) | 2001 | Q1 |
| Dentistry (miscellaneous) | 2002 | Q1 |
| Dentistry (miscellaneous) | 2003 | Q1 |

Zaključno

- Ako časopis nije indeksiran u bazama WoSCC i Scopus nije uključen ni u baze JCR, odnosno SJR = nije izračunat factor odjeka ni kvartili.
- Časopis indeksiran u WoSCC – ESCI indeks – kvartil i factor odjeka **samo u SJR bazi**

| Naslov časopisa | JCR IF | JCR Predmetno područje | JCR Kvartil (Q) | SJR IF | SJR Predmetno područje | SJR Kvartil (Q) |
