Upute za ispravak pogrešnih podataka i ujednačavanje identiteta autora u bazama Web of science core collection (WOS) i Scopus

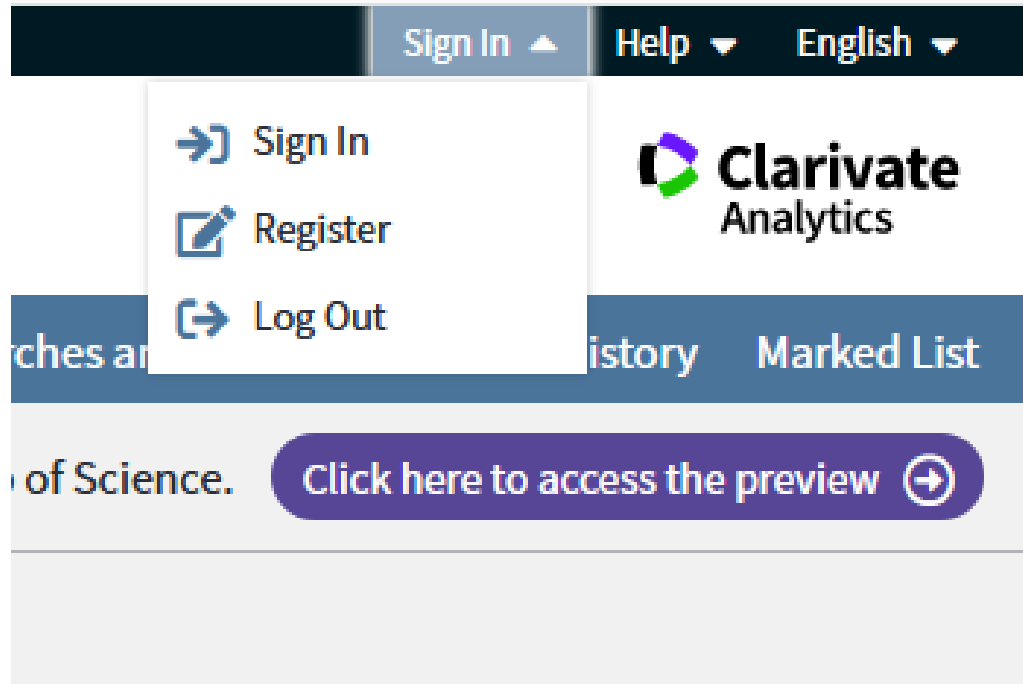

dr. sc. Ivana Pažur, knjižničarski savjetnik

Dvije razine ispravaka

- **1. ažuriranje podataka pojedinačnih radova** – najčešće kod pogrešno napisanih imena npr. *Ivana - prezime, M – ime i sl.*
- **2. ažuriranje radova povezanih s profilom autora** – profil je automatski kreiran (profilu se dodjeljuje *Researcher ID/Author Identifier*). Profil omogućava upravljanje popisima publikacija i izbjegavanje pogrešne identifikacije autora.

The screenshot shows the search interface for the Web of Science Core Collection. At the top, there is a dropdown menu labeled 'Select a database' with 'Web of Science Core Collection' selected. Below this, there are four search options: 'Basic Search', 'Author Search BETA', 'Cited Reference Search', and 'Advanced Search'. The 'Author Search BETA' option is highlighted with a red rectangular box. Below these options, there is a section for 'Name Search' with the sub-option 'Web of Science ResearcherID or ORCID Search'. A descriptive paragraph explains that searching for an author will show their author record, which is a set of documents likely authored by the same person. At the bottom, there are two input fields: 'Last name' and 'First name and middle initial(s)'. To the right of these fields are the options '+ Include alternative name' and 'Reset'.

The image shows a screenshot of a Web of Science author record for Alajbeg, Iva Z. The record is marked as 'Unclaimed' and 'algorithmically generated'. The author's affiliation is listed as 'University of Zagreb, Sch Dent Med, ZAGREB, CROATIA'. A modal dialog box titled 'Claim ownership of this Web of Science Author Record' is overlaid on the page. The dialog contains the following text: 'Claim this record by registering for a new Publons account or sign into Publons using your Web of Science username and password, and then confirm ownership.' This text is highlighted with a red box. Below this text is a button labeled 'Claim This Record On Publons'. To the right of the main text in the dialog is a section titled 'Is this record not you but you want to make some corrections?' with a subtext: 'If you see publication(s) on this record written by someone other than this author, help us correct the record.' At the bottom of the dialog is the Publons logo and a description: 'Publons is public profile and private dashboard made for researchers to manage, track, evaluate and showcase their research contributions. Publons is a product of the Web of Science Group, part of the Clarivate Network.' The background shows the author's profile with '49 publications from Web of Science' and a list of publications, including 'Effect of occlusal splint on oxidative stress markers and psychological aspects of chronic temporomandibular pain: a randomized controlled trial'. On the right side, there is a 'Citation Network' section showing an H-index of 9 and a Sum of Times Cited of 265.

Please confirm the publications below are yours. Because Web of Science Author Records are algorithmically generated, there may be publications from researchers with similar names to you. You can quickly remove these using the filters below (expand filters by clicking "Show Filters").

Once you have selected your publications, click "Import Selected Publications" to continue. We will then notify Web of Science of your selections and your Web of Science Author Record will be updated in the near future.

Note: we will assume that any publications you do not select were not authored by you. Neither those nor the publications you have previously claimed will be shown in this list [but you can view and manage them here](#).
